Zoom Reactions/Emojis & Raise Hand How-To

✋ How to Raise Your Hand to Speak:

- 📱 **On a Phone or Tablet:** Tap your screen to bring up the controls, tap the **More (...)** button at the bottom right, and select **Raise Hand**. Tap it again to **Lower Hand** once you are done speaking.
- 💻 **On a Laptop or Computer:** Look at the black toolbar at the bottom of your window, click the smiley face icon that says **Reactions**, and select **Raise Hand**. Click it again to **Lower Hand**.
- ⌨️ **Keyboard Shortcuts:** Press **Alt + Y** (Windows) or **Option + Y** (Mac) to instantly raise or lower your hand.

😊 How to Send an Emoji Reaction:

- Follow the exact same steps above to open the **Reactions** menu, but simply tap an emoji (like a thumbs up or clap) instead of the hand."

- 📹 **Watch the 1-Minute Video:** Open the **Zoom Reactions Video Guide on YouTube** to see a quick visual demonstration of where the buttons are hidden on both phones and computers.
- 🖼️ **See the Pictures:** Open the **Visual Zoom Reactions Guide** to see large screenshots with red arrows pointing directly to the buttons.
- 🖥️ **See the Zoom Tutorial Page:** Open the **Official Zoom Guide** to see device-by-device dropdowns and official diagrams.
